Press Release

Stockholm 2018-02-22

Waxy International AB (publ) (WAXY), a wholly-owned subsidiary of Reinhold Europe AB (publ), announces that the company has taken further steps in building a high quality and environmentally friendly car care chain.

Waxy has signed an agreement to open another facility with a very strategic location - the new shopping centre Wasa Handelsplats in Södertälje.

The facility will have the capacity to handle 60 cars per hour. The Waxy concept guarantees visitors high availability and ultimate car care, including services like "tire shine" - already all according to future environmental requirements.

Waxy, which opens its "flagship facility" in Smista Stockholm in March 2018, builds environmentally certified facilities based on the latest technology for so-called "green facility". Only Nordic Swan Eco labelled products are used and a total 85% of the water is recycled. It guarantees an environmental level that makes the company unique in the industry

Waxy looks forward to offering visitors a unique car care services at Wasa Handelsplats in Södertälje.

Expected opening is Q1 2019.

The Board of Directors Reinhold Europe AB (publ)
